Subject: Re: [External]..Re: Gladman appeal result

Dear Mr Slater

I have published the attached on the Nhp website, together with the two appeal results

I have also attached photos from the parish council facebook. They illustrate our reg 16 the responses re flood related policies. There is planning approval for a new flood sewer across the Common. The white bits around the manhole are toilet paper - it looked rather worse in daylight - this illustrates our response to Anglian Water re our request that their infrastructure be upgraded

The good news is the forecast for Christmas Day is bright and clear and no-one got flooded this time!

Have a Merry Christmas!

Neil
