Dear Andy,

The report is currently being prepared in a committee format on the basis that I have not formed a recommendation as yet so it can be dealt with both under delegated and committee depending on the recommendation.

Regards,

Maria

Dear Maria,

Thank-you for your prompt response. Is the application therefore being written up for Planning Committee and is it possible to advise on Officers' recommendation (accepting that it may still need sign off from Nigel?).

Many thanks,

Andy

Dear Nigel,

I am following up on your email below as Hayley is currently on annual leave, returning on the 5th August.

Are you in a position to confirm the Council's position on the application i.e. decision level and/or whether it is going to Planning Committee on the 21st. August?

Many thanks,

Andy Butcher

Dear Ms Morley

I am responding for Maria on this.

I note that you have an extension of time until 29/7, we will update you either with a decision or confirmation that the matter is going to Planning Committee 21/8 before then.

I note you reference to the pre-app from Luke, obviously this has the normal caveats within it. Due to Luke's recent secondment within the team, this has fallen to Maria who is getting familiar with the case and will form her own professional judgement on the matter.

Maria,

Thank you for your e-mail. I am aware that there is a significant volume of third party objections, however the main issue they raise relates to the potential closure of the Homebase store. Considering that we are now almost two months beyond the target determination date for the application and no new third party objections have been submitted to the Council since early May, I am sure you will agree that the Council have had more than sufficient time to consider these objections along with the detailed documents and plans submitted in support of planning application.

You will be aware from your handover with Luke that he had previously advised that the application would be recommended for approval, and this reflected the pre-application advice that was received from the Council. Given this, and the amount of time that has passed, it is completely unacceptable for you to state that you are not yet in a position to confirm the Council's recommendation for the application.

In order to allow my clients to consider their position, could you please confirm as a matter of urgency when you will be able to confirm the Council's position on the application, and further, if the application is to be recommended for approval, whether it would be considered at the August planning committee?

I look forward to hearing from you as soon as possible.

Regards

Hayley
