Dear Jen,

Thank you for your email. The report is in the process of being finalised and this should be done by tomorrow. The September planning committee cases will not be finalised and published until next week. However, a recommendation has not been reached and the report would need to be checked prior to advising you of this. Please note that the case will only go before the Planning Committee if it is recommended for approval.

Regards,

Dear Maria

I write further to my voicemail this morning to follow up on the above mentioned planning application on behalf of my colleague Hayley Morley. Given the planning application was not reported to the July Planning Committee, I write to confirm whether the application will be determined at the September Planning Committee?

The September committee is due to take place on the 18th September, and I understand due to reporting timescales if the item was to be put forward to the forthcoming meeting your report will be largely drafted. If you are working towards the 18th September Committee date please do not hesitate to contact me if you have any queries or would like any items clarified in advance of your report being finalised Committee.

I look forward to hearing from you in relation to the above, and to receive your confirmation on whether the application will be on the 18th September Planning Committee date.

Kind regards
Jen
