The Inspector asked to be informed of the status of the Essex Structure Plan in the Development Plan. The matter has been discussed between Andy Butcher and Alison Hutchinson and the parties agree that the 2001 Essex and Southend on Sea Structure Plan was superseded by the East of England Plan in 2008. (The East of England Plan was later revoked in 2013). As a consequence it is agreed that the Essex Structure Plan and Policies BIW1 and BIW2 have no current status in the Development Plan.
