

Barn at Chickney Hall, Chickney

Description

Barn. Mid C14, aisled. Timber framed and weatherboarded, with red plain tile hipped roof. 5 bays long with C17 half hipped midstrey. Arch braced tie beams, jowled arcade posts, and splayed and bridled arcade plate scarfs. Passing braces, and reversed assembly at eaves. Jowled aisle ties. Original Crown post roof rebuilt as side purlin in early C17.

Risk

Roof has now been 'mothballed' with new timbers inserted and corrugated sheeting to rear.

Suggested immediate actions

- Sections of missing weatherboarding to be replaced like-for-like
- Loose tiles to be reinstated or replaced like-for-like
- Windows to be boarded
- Tree stump in rear elevation to be removed and missing weatherboarding to be made good like-for-like
