

UTTLESFORD DISTRICT COUNCIL

HOUSING TRAJECTORY 1 April 2016

Diagram 1: - HOUSING COMPLETIONS 2011 TO 2033

Introduction

1. The purpose of this Statement is to set out an indicative trajectory as at April 2016 of housing delivery during the plan period up to 2033.

Housing Supply

2. Appendix 1 lists, in order by Parish, all the sites which are considered to provide housing during the period up to 2033. It includes an allowance for windfall sites of 50 dwellings per year based on historic rates of completions on windfall sites and the policy context in which they are likely to continue to be provided at this rate. A recent report to Planning Policy Working Group (PPWG) advises that, based on evidence, this should be increased to 70dpa and this will be included within the April 2017 housing supply assessment. All sites for 6 or more dwellings are individually listed. There are 9 categories of site. The current trajectory does not include any sites in categories 6 to 9.

1. under construction
2. with planning permission (full or reserved matters covering whole site)
3. with outline permission with part(s) covered by reserved matters
4. with outline only
5. where full, outline or reserved matters at post committee resolution subject to S106 negotiations
6. with application submitted
7. with pre-application discussions occurring
8. allocation only
9. draft allocation
